Dear Members

The Social Club is pleased to present our 2 fabulous Bungalows in the Cape View Beach Resort, Geographe Bay, Busselton.

These bungalows are simply stunning! They are fitted with lots of little extras – such as a Coffee Maker, DVD/VCR player, Washer & Dryer – all to make your holiday a little more enjoyable.

The Social Club was very fortunate to be able to get in on the ‘ground floor’ of this Resort by purchasing these fabulous bungalows, however with this, will come disruptions.

We would like to advise all Members that whilst the building of the Clubs 2 units are completed, there is still a lot of building in progress, particularly in the cul-de-sac where our Bungalows are located.

This will be in progress for approximately 6-9 months, and the development of the Resort will continue over the next 2-3 years.

This may mean there is bound to be building noises associated with this, which may disrupt your holiday.

That aside, these superb bungalows are sensational value at **\$500** per week. You can't even get a Caravan in the area for that price!
